

Mares that are not halter broke will not be accepted. The mare shall be in a healthy and sound breeding condition free from infectious, contagious, and transmittable diseases. A current negative Coggins Test must accompany out-of-state mares.

The breeder (stallion owner) agrees to diligently try to settle the mare, however, if mare fails to settle, for any reason, Mare Owner will hold Breeder harmless.

This contract contains a LIVE FOAL GUARANTEE. A live foal is described as a newborn foal which stands and nurses without assistance. If a foal is born dead, there are return privileges for the 20____season only if Breeder is notified within 7 days of birth and receives a veterinarian's statement confirming death. If mare should miscarry or abort after being pronounced "safe in foal", the Mare Owner has the privilege to return her for breeding during the current breeding season or the following year.

A BREEDER'S CERTIFICATE will be issued for the foal, conceived by this mating, when the stallion fee and all other expenses have been paid in full, and when the mare has given birth to a live foal by this mating.

OAK RIDGE FARMS, the Breeder, is not liable for death, sickness and/ or accident including consequential damages caused to the mare and/ or foal unless such death, sickness, and/or accident was by the willful and wanton negligence of the Breeder.

It is further agreed that should the above stallion die, be sold by the owner, or become unfit for service, the stallion fee shall be refunded, or if the mare dies or becomes unfit to breed before being pronounced safe in foal, the Stallion Owner will accept another mare to the terms of this contract.
